## Unique SlimLine Designer Jets Mean Enhanced Hydrotherapy

- The Designer Directional Jet is in a class of its own. The easily movable jets ensure specific targeting of aches and pains for the life of the spa.
- The Designer Swirl Jet adds variety to your massage, giving a softer, all over massage, that will leave you tingling.
- The Designer Jet faces are interchangeable, allowing you to customise the spa to suit each member of the family.
- These jets are easily removed enabling access for cleaning and providing greater hygiene.

\*available in all models as an optional upgrade

## Unique Air & Water Combination Ensures the Ultimate Massage

- Warmed effervescent air and water combine creating a total body indulgence.
- Stimulates the central nervous system.
- Promotes blood circulation and removes impurities.
- Cleanses your skin.
- Relaxes tight muscles.
- Stimulates your immune system to release endorphins.

\*available in all models as an optional upgrade

## Unique Necksage™ Targets Strategic Areas to Relieve Tension

- The Endless Necksage™ is the first and only spa to effectively massage the higher cervical vertebrae of the spine and neck.
- The ergonomically integrated headrest provides continual support for supreme comfort.
- It's a truly therapeutic massage from head to toe.

\*available in 3 unique models
